DEPARTMENT OF THE INTERIOR

UNITED STATES INDIAN SERVICE

San Carlos, Arizona, February 10, 1915.

The Commissioner of Indian Affairs,
Washington, D. C.

Sir:-

I forward herewith a typewritten copy of the official census of the Indians of the San Carlos Reservation to June 30, 1914.

This census was compiled from the Natalish schedule and other sources of information. It has been consistently arranged alphabetically and by consecutive tag numbers. Particular effort was made to group families, but in the case of each name the running number as it appears on the census roll submitted in July has been retained for purposes of identification.

Ten copies of this census are being made so that field matrons, farmers, teachers and others may have a copy of the census for the purpose of entering births and deaths throughout the year. These corrections may be easily carried into the new census to be prepared after June 30th.

Respectfully,

A. A. Hauke
Superintendent.

DEPARTMENT OF THE INTERIOR

UNITED STATES INDIAN SERVICE

San Carlos Indian Agency,
San Carlos, Arizona.

November 17, 1915.

The Commissioner of Indian Affairs,
Washington, D. C.

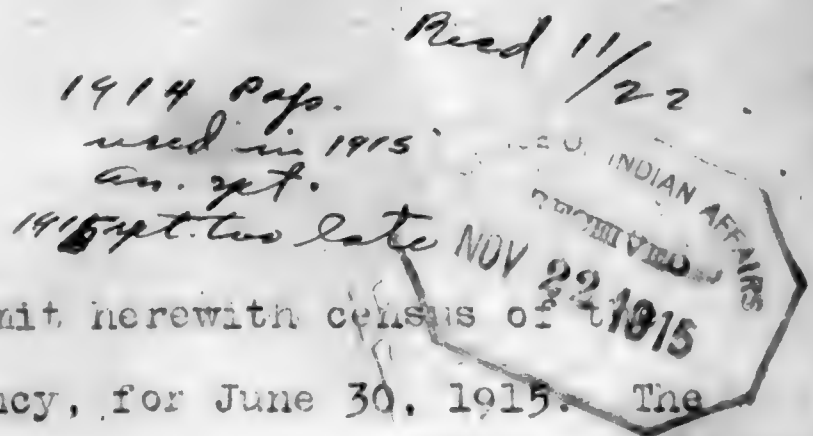

My dear Sir:-

I have the honor to transmit herewith census of
Apache Indians of the San Carlos Agency, for June 30, 1915. The
total number of Indians appearing in the census is 2,700.

The Natalish census shows a total number of 2,380,
while the Indian Agency census of June 30, 1914, shows a total
of 2,603. It is my opinion that the present census lacks at
least one hundred of the total number of Indians belonging to
this reservation, but, owing to their scattered locations, I have
been unable to get in touch with more of them. Between now and
the next census, effort will be made to enroll all Indians belong-
ing to this reservation, and to correct the ages of same by check-
ing up the individual families. This has been done as far as I
have been able to accomplish it.

The preparation of this census was delayed somewhat on
account of the changing of names, which caused much confusion,
and also in searching older records to definitely locate Indians
who did not appear on the Natalish or the 1914 Agency census.

I have prepared an individual Indian file for the use
of this office, in which the present number of our census becomes

the permanent number of the individual Indian.

I am forwarding the census without fastening the sheets, as we have no means of doing this.

Very respectfully,

Ernest S. Teeter

Superintendent.

Encls.

ES/VMI.
